

SEYMOUR DAILY REPUBLICAN

VOLUME XXXVIII. NO. 298

SEYMOUR, INDIANA, WEDNESDAY, DECEMBER 10, 1919

PRICE TWO CENTS.

TWO CASES INVOLVING TAX LAW FILED IN THIS COUNTY

ACTION RESISTS CITY TAX BOOST

Chamber of Commerce Contends Tax Board Had No Authority to Make Horizontal Increases.

G. H. ANDERSON PLAINTIFF

Montgomery & Montgomery File Case of Much Interest to Every Local Property Owner.

The complaint in the case which was recently decided upon by the Seymour Chamber of Commerce to resist the horizontal increases in assessments of property which were ordered by the state tax board, was filed in the Jackson circuit court late Tuesday. The complaint names G. H. Anderson of this city, as the plaintiff, and Albert Luedtke, auditor of Jackson county, as defendant. The suit which seeks an injunction to prevent the auditor from enforcing the horizontal increases ordered by the board was filed by Montgomery & Montgomery, local attorneys, who are employed by the Chamber of Commerce.

The Chamber of Commerce hopes to secure a decision in the circuit court before January 1, which is the date provided by the tax law when the county auditor must turn the tax duplicates over to the county treasurer for collection. In case a decision is given prior to January 1, it is stated, there will be no necessity for the Chamber of Commerce to make either the county treasurer or the state tax board a party to the suit.

Although Mr. Anderson is named as the plaintiff in this case the result of the action will affect all property owners in the city whose assessments were affected by the alleged arbitrary horizontal increases ordered by the state board. The case is of more interest to a larger number of people than any that has been filed in the Jackson circuit court in recent years and for this reason each step that is taken will be watched closely by the public. The auditor is given ten days after the filing of the complaint to appear. In other words, he will be summoned to make appearance on Friday, December 19. O. O. Swails, county attorney, will represent the county auditor in the litigation and it is not known at this time whether or not the state tax board will be represented by the attorney general of Indiana or one of his deputies. It is likely, however, that the state tax board through the attorney general will keep in close touch with the action in this county.

The complaint which was prepared by Montgomery & Montgomery upon behalf of the Chamber of Commerce sets out that the plaintiff, George H. Anderson, is now and was on March 1, 1919, a resident of this city and on said date was the owner of certain described real estate in this city together with an elevator and other buildings and improvements there on which were duly listed and appraised for taxation by the assessor of Jackson township; "and, that on said date plaintiff was the owner of certain personal property which was by said assessor duly listed, valued and returned for taxation in the aggregate amount of \$8,180, which was the true cash value of the same; that on the first Monday of June 1919, the county board of review in and for said county duly convened and organized, and during its session reviewed, adjusted and equalized the valuations for taxation of all taxable property of the several townships, towns and cities in said county, and fixed and determined the value of plaintiff's real estate at the sum of \$3,375, which was a fair cash value of the same."

The complaint states that on August 23, "The state board of tax

BLISH MILLING CO. INSTITUTES SUIT

Questions Right of Tax Board to Assess Profits by Alleged Arbitrary Capitalization.

AUDITOR NAMED DEFENDANT

First Time That This Point Has Been Brought to The Attention of The Indiana Courts.

A case in which the Blish Milling Company, a local corporation, questions the authority of the state board of tax commissioners to assess its net earnings by an alleged arbitrary capitalization the same at twelve and one-half per cent, after its capital stock and surplus had been fully assessed, was filed in the Jackson Circuit Court Tuesday afternoon at the same time that the action was instituted by the Chamber of Commerce. Montgomery & Montgomery are the attorneys for the plaintiff in the Blish suit which names Albert Luedtke, county auditor, as the defendant.

It is understood that this is the first case of this character that has been filed in Indiana and the decision will be of more than local interest.

The Blish Milling Company, the plaintiff, sets out in its complaint that it is and has been for more than thirty years a corporation duly organized under the laws of Indiana and is engaged in the manufacture of flour with its home office and principal place of business in Seymour. The complaint further states "that on March 1, 1919, plaintiff's authorized capital stock was \$90,000, all of which was fully paid up, and that it had profits undivided aggregating \$129,315, all of which capital stock and undivided profits were fully invested in real estate and personal property situate in the counties of Jackson, Bartholomew, Decatur and Scott, in the state of Indiana; and that plaintiff on said date also had a surplus of \$350,000 all of which was invested in non-taxable bonds of the United States of America; that said property was all tangible and together represented the full and only value of plaintiff's said capital stock; and that on the first day of March, 1919, plaintiff's said capital stock had no market value and no actual value in excess of the value of its tangible property, and plaintiff was not the owner of any franchise or other intangible property; that all of its real estate was duly listed valued and returned for taxation for the year 1919 by the proper assessor of the township wherein the same was situate; and that plaintiff also caused to be listed, valued and returned for taxation for said year all of its taxable personal property in each of the several townships where the same was situate and taxable, by the assessor of such township, including in such lists of its property of every character, rights, credits, moneys and effects; that in addition to said assessment lists it made out

SCHOOLS TO CLOSE FOR THE HOLIDAYS

Students and Teachers Will be Given Two Weeks' Vacation Beginning Friday, December 19.

WILL ASSIST WITH CHARITIES

Schools Will Receive Donations to be Distributed To Needy Poor on December 18 and 19.

T. A. Mott, superintendent of the Seymour Public Schools, announced that the schools would close on Friday, December 19 for two weeks for the Christmas holidays. Last year the schools only closed for one week on account of so much time having been lost on account of the influenza epidemic. No time has been lost this season and the attendance has been better than for several years which had much to do with the school board deciding on a two weeks' vacation for the students.

The teachers and students in all of the schools of the city will assist with the charity work this season and donations will be received at all of the school buildings on Thursday and Friday, December 18 and 19. Those who wish to assist are requested to send their donations on those days or call the school building and they will be called for.

Teachers will be in the Shields high school building on December 22, 23 and 24 to receive donations, in case persons are unable to get them to the school buildings sooner.

In years past a number of needy families have been provided with food to make their Christmas dinner a most enjoyable one as a result of the work of the high school teachers and students. The teachers and students hope that the donations this year will be larger than ever before as there are more poor, but needy, families to be provided for. The Christmas baskets will be distributed under the direction of the board of associated charities in this city on Christmas morning.

\$11,500 IN CHRISTMAS CHECKS IS DISTRIBUTED

Several Hundred Members of Seymour National Bank Club Receive Savings Today.

A total of \$11,500 was distributed by the Seymour National Bank today to the several hundred members of its annual Christmas savings club. The money has been deposited at the bank each week or month during the year and is returned to the members of the club at this time when it can be used to excellent advantage because of holiday expenses. A large part of the money was saved particularly for holiday buying and was placed in circulation among the various merchants today.

Some of the club members have adopted this plan to save a small amount each week for other purposes. The checks sent out by the Seymour National Bank ranged from \$12.75 to \$200, according to the classes. Various plans of saving are provided. The 1920 club has already started and practically all of the members of this club with many additional members have already taken out cards. The officers of the banking institution are well pleased with the results of the club this year and predict much larger deposits next year.

TEMPERATURE DROPS TO FIVE ABOVE ZERO MARK

Government Thermometer Records Coldest Weather This Winter—Forecast Tomorrow.

The government thermometer at Woodstock Gardens registered five degrees above zero at an early hour this morning. This is the lowest temperature that has been recorded here this winter. The weather bureau promises rising temperature Thursday. The cold wave followed rain which turned to sleet and snow late Tuesday afternoon. A high wind swept over the county, furnishing the first real taste of winter weather experienced this year.

REPRESENTATIVE OF STATE BOARD HERE

P. P. Tillman Sent Here by Indiana Tax Commission to Investigate Local Suits.

MEETS NUMBER OF CITIZENS

Expresses Opinion That Taxpayers are Making Mistake in Fighting the Measure.

P. P. Tillman, representing the state board of tax commissioners, was here today making an investigation of the two suits which have been filed in the Jackson circuit court which question certain powers of the Indiana tax body. Mr. Tillman met with representatives of the Chamber of Commerce, the Rotary Club and a number of other citizens in an effort to ascertain why the cases were filed.

The state board representative expressed the belief that the people did not fully understand the operation of the new tax law and that if they were apprised of all of its provisions they would withdraw the suits. He thought that the measure rectified many of the objectionable provisions of the former tax law and that objections to the measure had been magnified to such an extent that they appeared to be quite serious, when the fact, he contends, they are not serious at all.

Mr. Tillman expressed the belief that the new tax law would mean lower taxes for sixty-six percent of the taxpayers of the county. "What a taxpayer has to pay in taxes is what makes a tax law popular or objectionable," he said. "It will be found that sixty-six out of every hundred will have lower taxes under the present law than under the former law," he added.

Mr. Tillman explained that the fifty percent horizontal increase in personal property really meant an additional \$1.80 per \$1,000 valuation for state tax, and he was of the opinion that the personal property in the city, even with the fifty percent increase, had not been listed at anything like its full cash value. In some counties in the northern part of the state, Mr. Tillman said, the valuations had been increased three or four times what they were last year, while in this county the valuation is only slightly more than double the total appraisement of that in 1918.

The state board representative was ready to answer any of the objections which had been made against certain provisions of the law. He was of the confident belief that both suits filed in this county would fail when they come to trial.

REPUBLICANS PLAN AN "EFFICIENCY CAMPAIGN"

Appointment of Platform Conference is Announced by Chairman Hays.

By United Press

Washington, December 10—Detailed plans for a "campaign of efficiency" were made today by the republican national committee at its meeting here. The committee, Chairman Hays announced, authorized appointment of a platform conference with many of the characteristics of an industrial commission to sit continuously from now until the end of the convention when it will make a report, embodying suggestions as to platform plans, based on a six months' study of national problems. Hays also announced appointment of a council consisting of the twelve members of the national committee who are members of the special committee on platform and policy and twelve others four of whom are to be women.

The province of the council will be to deliberate on matters touching party welfare and making suggestions for consideration of the national committee itself. The council will bring to the national committee the experience of those who are in close touch with affairs of the party.

MINERS CALL OFF STRIKE; TO RESUME WORK AT ONCE

COLD WAVE FINDS COAL SUPPLY LOW

Actual Suffering and Widespread Discomfort Reported as Result of Zero Temperature.

F E W MINERS RETURNING

Some Coal Produced in Strip Mines by Volunteer Workers in Various States.

By United Press

Chicago, December 10.—A cold wave sweeping east from the Rockies caused widespread discomfort through the middle west today. Reports from the west showed actual suffering in many places where the cold blast found fuel supplies exhausted. The weather bureau reported the wave sweeping east and south sending the temperature to zero as far south as the Texas Panhandle.

Temperatures twenty degrees below zero and lower were reported from Nebraska, the Dakotas, Colorado, Wyoming, Idaho, Oregon and Montana. Trains between Denver and Chicago were moving slowly today after snow plows had cleared the tracks of drifts.

In Chicago the temperature fell to zero during the night and the weather man promised five below for today.

With the mercury below zero and a blizzard promised by the weather man, Chicago went on shorter fuel rations today. The Illinois public utilities commission continued in force all conservation measures included in its order of last week which were more drastic than the Garfield national order yesterday. Springfield, Ill., reports indicated miners intended to abide by the decision of the union chief in Indianapolis. Cars were reported mobilized at the mines ready for immediate production. 137 miners near Rock Island, Ill., were to return to work today regardless of the outcome of negotiations.

Three mines with a capacity of 550 tons daily were to open to supply urgent domestic needs of the miners themselves.

Miners at Marion, Ill., said they would not return to work at fourteen per cent. increase, according to reports. They predicted defeat of the government proposal.

Missouri mines recently seized by Governor Gardner were producing coal today. Fifty strip mines were in operation today. Production in Kansas where volunteers miners have been digging coal was continued in operation today. Montana volunteer miners were reported to be producing coal in increasing quantities today. Seventy-five volunteers mined forty tons of coal at a mine near Great Falls, yesterday.

MINER'S LEADERS FIGHT OUT ISSUE

Understood That Some Delegates Desired Further Negotiations Before Settlement.

LONG AFTERNOON SESSION

Union Chiefs Discuss President's Proposal During Morning Without Reaching Decision.

By United Press

Indianapolis, December 10.—The most far reaching industrial struggle in America's history ended today when chiefs of the United Mine Workers of America meeting here, accepted the proposed agreement submitted by President Wilson.

400,000 bituminous coal miners who have been on a strike for five weeks and five days will return to work immediately, union leaders said, and normal production of coal is expected the early part of next week. The men will return to work with the promise of an immediate increase of 14 percent. in wages. There will be no immediate increase in the price of coal to consumers.

Under the agreement the president will appoint a commission of three, one a miner, one a mine operator and one representing the public which will investigate the entire coal industry. This commission will report in sixty days recommending wage and coal price adjustment and whatever changes believed necessary in the coal industry.

Leaving the meeting at 3:30 Acting President John L. Lewis said that the agreement had been reached. In a lengthy statement he expressed confidence in President Wilson and in the president's ability and in his judgment in picking a "fair minded tribunal."

Although sentiment among many of the miners' chiefs who would express opinions before the meeting, was that the proposition would be accepted, there was undoubtedly a strong faction which wished to fight to the last ditch.

The restraining influence of Acting President John L. Lewis and Secretary-Treasurer William Green, who urged the miners to accept the proposed settlement, was counted on by government officials here watching the conference, to swing the union heads into line behind the Wilson proposition.

There seemed to be no doubt among those attending the meeting here today but that what the rank and file of miners will abide by the decision of the leaders. One official declared the district presidents, the scale committee and the executive board held an extremely tight control over the union members and whatever they recommended would be accepted by the miners themselves.

Many coal mine operators were in Indianapolis today watching the progress of the miners' meeting. They were held as individuals, they stated, to "look on." Preparations have been made for immediate resumption of operation as soon as the miners give the word, they said.

Frank Farrington, president of the Illinois miners, held the floor during the last part of the morning session. Farrington is classed with the "radicals" who advocate further negotiations on the basis of the President's proposal.

When the meeting broke up, all the delegates appeared to be in good spirits and a harmony sentiment was noticeable. Several of the district presidents came forward and shook hands with Lewis and Green who were still mopping their brows after a hot argument urging acceptance of the proposed basis of settlement.

LIGHT CONSERVATION

The average consumer of electricity for illuminating purposes does not fully appreciate the importance of limiting the use of such lights as much as possible as a coal conservation measure. Many are of the erroneous opinion that when the big generator at the power plant is in operation an unlimited amount of electrical energy is produced and that the amount used has little or no effect. The amount of coal needed to keep the generator in operation depends entirely upon the "pull" or the amount of electricity consumed.

The Kansas City Star explains the relation of light and coal conservation as follows:

"For convenience, let's say you are using a 50-watt lamp. To consume a kilowatt hour of electric current (1,000 watts running for one hour) this 50-watt lamp will burn twenty hours. This means that during every hour which this light is turned on one-twentieth of a kilowatt hour of energy is being consumed.

"A kilowatt hour is a measure of

URGES PEOPLE TO FIGHT CATARRH WITH SIMPLE HOME MADE REMEDY

Can Make Pint at Home and Costs Little, Says Leading Druggist of Covington, Ky., Who Has Made Special Study of Catarrh.

Says: Inflamed Nostrils Invite Influenza

People who say that catarrh is a disease not to be taken seriously are harshly rebuked by a Kentucky druggist who has for years been much interested in the growth of this loathsome, yet altogether too common disease.

He claims that the sore, tender, inflamed membrane of the nostrils and throat is a prolific breeding ground for germs—not only the germs of Influenza, but many other kinds as well.

If people would only stop experimenting for two weeks and try a simple remedy made of Mentholized Arcine mixed with enough boiled water to make a full pint, half of the catarrh in this country would be abolished.

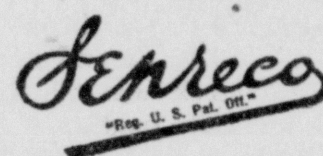

It's really no joke for people

who don't know about this simple recipe to be constantly sniffing and snuffing, blowing and hawking, when all these obnoxious symptoms as well as the foul discharge can be made to disappear in a few days.

Ask for three-quarters of an ounce of Mentholized Arcine—that's all you need and after you have mixed it with enough boiled water to make a pint, gargle the throat twice daily and snuff or spray some up the nostrils, as directed.

The tender nostrils will soon lose their soreness, heal up, and be clean and healthy.

Important Reminder: Just as soon as anyone in the family gets a cold in the head, check it at once with this same medicine.

Christmas Time

Will soon be here and we give you this warning. If you buy of us or wherever you buy, the sooner you buy the larger stock you will have to select from. What we have in stock you can have laid away for you and what is coming is doubtful. **DON'T WAIT.** We make no promises on **SPECIAL ORDERS.**

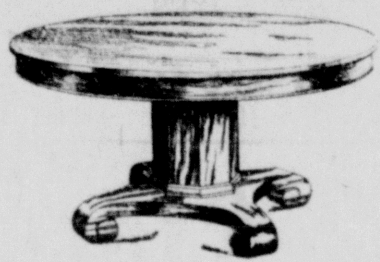

A FEW TIMELY SUGGESTIONS:

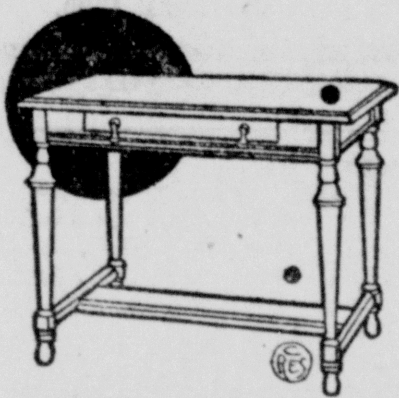

"ROYAL EASY" The World's Easiest Easy Chair. Easier to rest in than a rocker. In Fumed Oak or Golden Oak Finish.

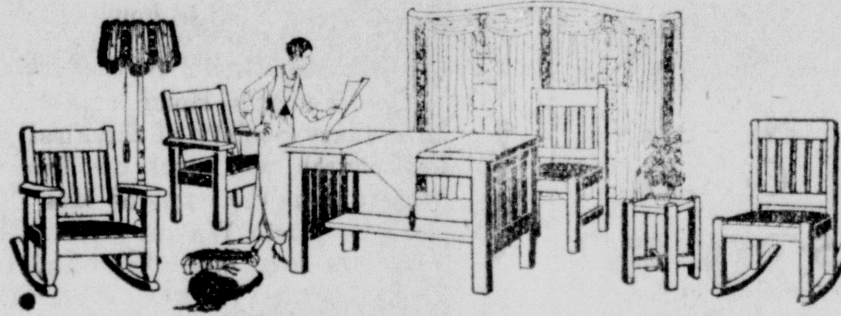

MAHOGANY TEA TRAYS make a very practical gift. Something every home ought to have.

PEDESTAL TABLES in Fumed Oak or Golden Oak. They certainly do add to the looks of your dining room. Surprise Mother by letting us send one up the day before Christmas.

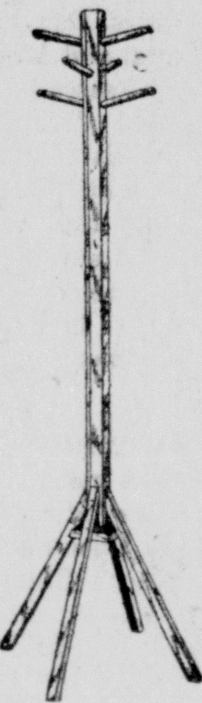

SERVING TABLES are very handy for serving afternoon lunches. They add dignity to your dining room and just fill that empty corner.

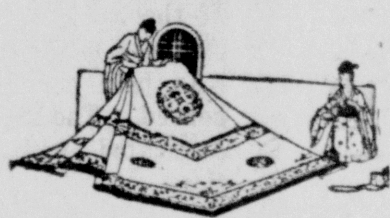

LIVING ROOM FURNITURE

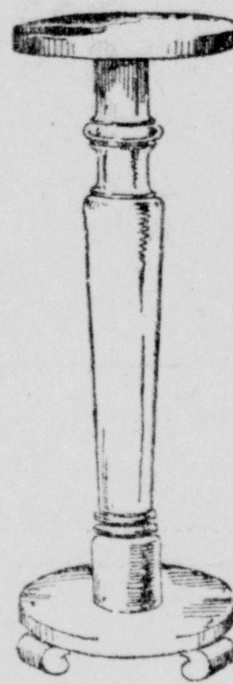

We have a very nice line for you to make your selection from. Overstuffed, Mahogany, Fumed Oak, Golden Oak finishes. Come early.

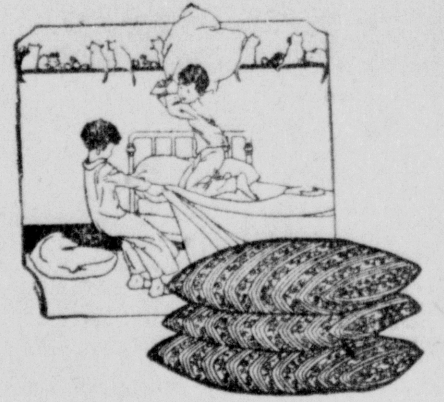

Rugs

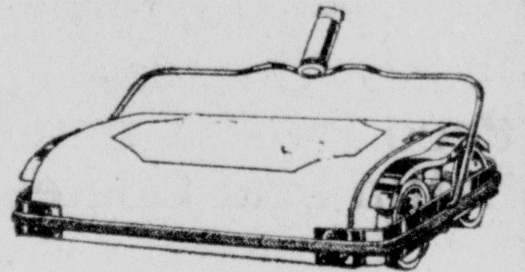

Just received a new shipment of **RUGS**. Nice new patterns in 9x12 and 11-3x12 sizes.

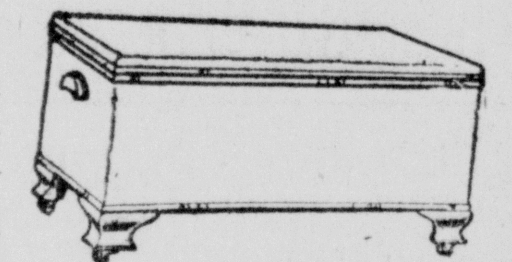

If you lay your head on one of these pillows how you will hate to get up in the morning. We have them filled with new chicken feathers and some with duck feathers. Good size and good covering.

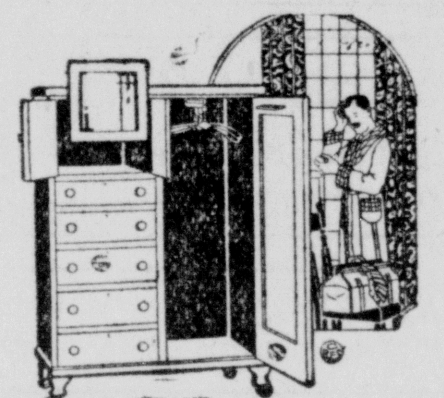

Just received a new shipment of **BISSEL'S SWEEPERS** and **SWEEP-O VAC**. They speak for themselves. No home should be without one.

CEDAR CHESTS. Just the thing to keep your woolen blankets and furs away from the moths. Ideal Christmas Gift.

CHIFFOROBES. Nowadays when houses are built without closets these give you a dandy place to keep your clothes. Any man will appreciate one as a gift.

HOME FURNISHER

MINERS HAVE DUTY TO PUBLIC, PRESIDENT SAYS

Wilson Offers 14 Per Cent Increase in Wages—Investigation is Promised.

Washington, December 10—President Wilson's proposal to the striking miners in which he urged them to return to work with a 14 percent increase of wages follows:

"I have watched with deep concern the developments in the bituminous coal strike and am convinced there is much confusion in the minds of the people generally and possibly of both parties to the unfortunate controversy as to the attitude and purposes of the government in its handling of the situation.

"The mine owners offered a wage increase of 20 per cent, conditioned, however, upon the price of coal being raised to an amount sufficient to cover this proposed increase of wages, which would have added at

least \$150,000,000 to the annual coal bill of the people. The fuel administrator, in the light of present information, has taken the position, and I think with entire justification, that the public is now paying as high prices for coal as it ought to be required to pay and that any wage increase made at this time ought to come out of the profits of the coal operators.

"In reaching this conclusion, the fuel administrator expressed the personal opinion that a 14 per cent increase in all mine wages is reasonable because it would equalize the miners' wages on the average with the cost of living, but he made it perfectly clear that the operators and miners are at liberty to agree upon a larger increase, provided the operators will pay it out of their profits so that the price of coal would remain the same.

"The secretary of labor, in an effort at conciliation between the parties, expressed his personal opinion in favor of a larger increase. His effort at conciliation failed, however, because the coal operators were unwilling to pay the scale he proposed unless the government would advance the price of coal to the public and this the government was unwilling to do.

"The fuel administrator has also suggested that a tribunal be created in which the miners and operators would be equally represented to consider further questions of wages and working conditions, as well as profits of operators and proper prices for coal. I shall, of course, be glad to aid in the formation of such a tribunal.

"I understand the operators have generally agreed to absorb an increase of 14 per cent in wages, so that the public would pay not to exceed the present price fixed by the fuel administrator, and thus a way is opened to secure the coal of which the people stand in need, if the miners will resume work on these terms pending a thorough investigation by an impartial commission, which may readjust both wages and prices.

"By the acceptance of such a plan, the miners are assured immediate steady employment at a substantial increase in wages and are further assured prompt investigation and action upon questions which are not now settled to their satisfaction.

"I must believe that with a clear understanding of these points they will promptly return to work. If,

nevertheless, they persist in remaining on strike they will put themselves in an attitude of striking in order to force the government to increase the price of coal to the public, so as to give a still further increase in wages at this time rather than allow the question of a further increase in wages to be dealt with in an orderly manner by a fairly constituted tribunal representing all parties in interest.

"No group of our people can justify such a position and the miners owe it to themselves, their families, their fellow workmen in other industries, and to their country to return to work.

"Immediately upon a general resumption of mining, I shall be glad to aid in the prompt formation of such a tribunal as I have indicated to make further inquiries into this whole matter, and to review not only the reasonableness of the wages at which the miners start to work, but also the reasonableness of the government prices for coal.

"Such a tribunal should within sixty days make its report, which could be used to a basis for negotiation of a wage agreement. I must make it clear, however, that the government can not give its aid to any such further investigation until there is a general resumption of work.

"I ask every individual miner to give his personal thought to what I say. I hope he understands fully that he will be hurting his own interest and the interest of his family and will be throwing countless other laboring men out of employment if he shall continue the present strike,

BREAKS A COLD

IN A FEW HOURS

"Pape's Cold Compound" instantly relieves stuffiness and distress

Don't stay stuffed-up! Quit blowing and snuffing! A dose of "Pape's Cold Compound" taken every two hours until three doses are taken usually breaks up a severe cold and ends all gripe misery. The very first dose opens your clogged-up nostrils and the air passages of the head; stops nose running; relieves the headache, dullness, feverishness, sneezing, soreness and stiffness.

"Pape's Cold Compound" is the quickest, surest relief known and costs only a few cents at drug stores. It acts without assistance, tastes nice, contains no quinine—insist upon Pape's!

and further, that he will create an unnecessary and unfortunate prejudice against organized labor which will be injurious to the best interests of working men everywhere.

(Signed) "WOODROW WILSON."

What Increase Means.

A comparison of what Indiana miners receive under their present scale of wages and under President Wilson's proposed 14 per cent increase follows:

Loaders	\$.74 a ton	\$.84 a ton
Day workers . .	5.00 a day	5.00 a day
Machine oper. .	.07 a ton	.09 a ton
Pick miners . .	.89 a ton	1.01 a ton
Motormen . . .	5.50 a day	6.27 a day
Blacksmiths . .	5.30 a day	6.15 a day

Shot firers are hired by the men themselves and usually receive between \$5 and \$6 a day. After April 1, 1920, they will be paid by the operators, under a law passed by the 1919 Legislature.

BASKETBALL FRIDAY NIGHT

Shields High School Team Will Play Lawrenceburg Five.

The Lawrenceburg high school basketball team will co-embrace next Friday evening to play the Shields high school varsity team. The Lawrenceburg team has been playing some good games this season and have won several victories. Local fans are expecting the game Friday evening to be one of the fastest of the season.

Mrs. Charles Sheets and Miss Mary Nicely of North Vernon, were in this city Tuesday to see Mrs. J. M. Nicely, who is a patient in the Schneck Memorial Hospital.

Mrs. Ethel Gruber returned to her home in North Vernon this morning after a visit with Charles Kayser and family.

First Presbyterian Church.

"What Jesus Taught About the Home" will be the subject for discussion at the midweek service tonight at 7:30 o'clock. Following the study hour the choir will meet for practice and the Sunday School teachers for a monthly conference. Come with a friend.

PET CORNS

Few Drops of "Freezone," Then Lift Corn Right Off

A tiny bottle of "Freezone" costs so little at any drug store; apply a few drops upon any corn or callus. Instantly it stops hurting, then shortly you lift that bothersome corn or callus right off with your fingers. Truly! No humbug!

DAD! YOUR HAIR IS FALLING FAST

"Danderine" will check that ugly dandruff and stop hair coming out

To stop falling hair at once and rid the scalp of every particle of dandruff, get a small bottle of "Danderine" at any drug or toilet counter for a few cents, pour a little in your hand and rub it into the scalp. After several applications the hair usually stops coming out and you can't find any dandruff. Soon every hair on your scalp shows new life, vigor, brightness, thickness and more color.

I'M the Salesman these days

YES, we feel that Santa Claus is behind the counters of our store during Yuletide.

His optimistic spirit of love and generosity should hold forth. And what an array of precious and beautiful things he has ready to show you here—Gifts—Gifts—watches, rings, brooches, diamonds, cut glass, silverware, knives—a hundred and one Christmassy gifts that make giving amount to something.

You'll find the Yuletide spirit the moment you enter the door. And, in truth old Santa Claus IS behind every counter. He wishes to show you the truly wonderful line of W.W.W. Rings, now ready for your inspection. They certainly make splendid Christmas gifts, too.

SOCIAL EVENTS

AUXILIARY MEETING.

The Young Ladies' Auxiliary to the Home and Foreign Missionary Society of the Presbyterian church, which was recently organized, held a meeting Tuesday evening at the home of Mrs. Francis Gates, West Second street. The following program was carried out:

Minutes of last meeting—Miss Hattie Roeger.

Devotional—Miss Alma Switzer.

Notes from the Home and Foreign Field—Mrs. John Roeger.

Value of prayer—By members.

Solo—Miss Frances Switzer.

At the close of the business and the program, a social hour was spent.

MISSIONARY SOCIETY.

The Woman's Home and Foreign Missionary Society of the First Baptist church will meet on Thursday afternoon at the home of Mrs. N. M. Carlson, North Walnut street. The hostesses are Mrs. Ada Anderson, Mrs. Herman Bartlett, Mrs. O. O. Swails and Miss Ora Utsinger. The lesson study for the afternoon is "The Cry of the Children of the Orient," Mrs. J. R. Blair, leader.

LOYAL DAUGHTERS.

Mrs. Frank Stark, Mrs. Dan Bishop, Miss Vannie Barnes, and Mrs. T. H. Steinkamp were hostesses to the members of the Loyal Daughters class of the First Baptist Sunday School Tuesday evening at the home of the latter. Following the regular business meeting a short social hour was held and refreshments were served. The Steinkamp home was decorated with Christmas decorations.

WEDDING INVITATIONS.

Invitations have been received in this city to the wedding of Miss Margaret Shea and Harry Dale Cromer, which will take place Saturday morning, December 27, in the St. Peter and Paul's Cathedral, Indianapolis. Miss Shea is a niece of Am-

INDICATIONS THAT COLD IN MIDWEST IS BREAKING

Forty-four Below Zero Reported in White River, Ont.—Eighteen Below in Montana.

By United Press

Chicago, December 10—Indications that the cold wave covering the mid west is breaking were reported from Denver today. The mercury there reached zero on its way up.

Points further east shivered in the grip of cold winds and below zero temperatures. White River, Ont., reported forty-four below zero the lowest temperature on the weather bureau's record for today, Montana and North Dakota divided the honors on this side of the Canadian line with twenty-eight below.

HOW WEAK WOMEN ARE MADE STRONG

Mrs. Westmoreland Tells in the Following Letter.

Harrison, N. Y.—"When my first child was born I did not know about Lydia E. Pinkham's Vegetable Compound and had a very hard time. I read in the newspaper about the Vegetable Compound and when my second child came I took it and was well during the whole time, and childbirth was a hundred times easier. Ever since then I have used it for any weakness and would not be without it for the world. I do all my work and am strong and healthy. I am nursing my baby, and I still take the Vegetable Compound as it keeps a woman in good health. You may publish my testimonial for the good of other women, if you choose to do so."—Mrs. C. WESTMORELAND, Harrison, N. Y.

Women who suffer from displacements, irregularities, inflammation, ulceration, backache, headaches and nervousness should lose no time in giving this famous root and herb remedy, Lydia E. Pinkham's Vegetable Compound, a trial, and for special advice write to Lydia E. Pinkham Medicine Co., Lynn, Mass.

for any weakness and would not be without it for the world. I do all my work and am strong and healthy. I am nursing my baby, and I still take the Vegetable Compound as it keeps a woman in good health. You may publish my testimonial for the good of other women, if you choose to do so."—Mrs. C. WESTMORELAND, Harrison, N. Y.

SEYMOUR EVIDENCE FOR SEYMOUR PEOPLE

The Statements of Seymour Residents Are Surely More Reliable Than Those of Utter Strangers.

Home testimony is real proof. Public statements of Seymour people carry real weight. What a friend or neighbor says compels respect. The word of one whose home is far away invites your doubts. Here's a Seymour man's statement. And it's for Seymour people's benefit.

Such evidence is convincing. That's the kind of proof that backs Doan's Kidney Pills.

Ed. Adams, 315 Chestnut St., Seymour, says: "My kidneys got to bothering me. My back pained all the time and it would hurt me to stoop. After sitting for a while and then getting up my back would hurt me more. I used Doan's Kidney Pills and a couple of boxes made me all right again. Doan's are a mighty good kidney medicine."

60c, at all dealers. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

Hamilton—Saunders Meeting.

The weather did not in any way interfere with the revival meetings now in progress at the Central Christian Church. The large and enthusiastic audience felt well repaid for braving the storm. Six took their stand for Christ, making a total of thirty-three with only two days of invitation.

Twenty-two were buried with Christ in Baptism in the opening moments of the service. Another baptismal service will be held on Friday evening of this week.

The singing last night by the large children's chorus was enough to warm a heart of stone. The rendition of the solo by Saunders was the work of an artist, possessing a rich baritone voice, he is never so happy as when he is privileged to sing the Gospel into the hearts of his hearers.

And then the sermon based on Peter's Confession left no doubt in the minds of the people of the necessity for each individual to publicly confess Christ. That Christ is all sufficient, to confess Him means to follow in His footsteps.

The services this evening will begin at 7:30. The chorus will be composed of ladies, supported by a ladies' quartette.

Suit Against Newspaper.

By United Press

Evansville, Ind., Dec. 10—The Evansville Courier, a democratic newspaper, was defendant today in a suit for \$200,000 libel damages. Edgar Schmidt, chief of police, filed the suit alleging that his reputation was hurt by an article published in the Courier asserting that he had used third degree methods to extract protection money from women of the underworld.

The Courier has repeatedly urged Mayor Bosse, democrat, to discharge Schmidt, but the mayor has always refused to do so.

QUALITY SERVICE

SEALS ARE SOLD THROUGH SCHOOLS

Hundreds of Seals Distributed By School Children Throughout City Today.

WILL EMPLOY COUNTY NURSE

Eighty Per Cent. of Money Realized From Seal Sale To Be Used in Jackson County.

Hundreds of Red Cross Christmas seals were sold by school children in the city today in co-operation with the Red Cross health campaign which is being waged in an effort to raise funds to employ a Red Cross nurse to assist the health authorities in Jackson county. The school children have met with splendid results and it is believed that enough money will be raised to employ a nurse for one year at a salary of \$1,500.

In former years the proceeds derived from the Red Cross Seal sale went for the purpose of combating tuberculosis. The Red Cross has enlarged the scope of its work and the plans now are to conduct a health campaign throughout the United States. Eighty per cent. of the money received for stamps in the county this year will be used to employ the Red Cross nurse for the county.

The county Red Cross will work under the supervision of the local Red Cross chapter and will co-operate with the county board of health and the public schools. It will also be her duty to investigate health conditions in the county and assist the poor who are sick and not

CHECK THAT COLD RIGHT AWAY

Dr. King's New Discovery has relieved colds and coughs for fifty years

IT was an unusually high quality cold, cough, gripe, and croup remedy when introduced half a century ago. Not once in all the years since then has the quality been allowed to deteriorate. Its effectiveness in combating colds and coughs has been proved thousands of times in thousands of families. Taken by grownups and given to the little ones for the safe, sure treatment of colds and gripe, croup, and croup, it leaves absolutely no disagreeable after-effects. Get a bottle at your druggist's today. 60c. and \$1.20.

Bowels Act Human

Function gently but firmly without the violence of purgatives—when you treat them with Dr. King's New Life Pills. A soothing laxative that gets right down to business and gratifying results. All druggists—25c. a bottle.

receiving the proper attention to restore them to health.

It is estimated that if each student in the schools in this city, the towns and school districts throughout the county, would sell forty stamps, enough money could be raised to employ a nurse for a year. On that basis the campaign is being conducted and it is almost a certainty that Jackson county is to have a Red Cross nurse. The schools in this city are putting forth every effort to raise their quota.

Mrs. Oscar Harper spent today in Cincinnati.

MUSTEROLE—QUICK RELIEF! NO BLISTER!

It Soothes and Relieves Like a Mustard Plaster Without the Burn or Sting

Musterole is a clean, white ointment, made with the oil of mustard. It does all the work of the old-fashioned mustard plaster—does it better and does not blister. You do not have to bother with a cloth. You simply rub it on—and usually the pain is gone!

Many doctors and nurses use Musterole and recommend it to their patients. They will gladly tell you what relief it gives from sore throat, bronchitis, croup, stiff neck, asthma, neuralgia, congestion, pleurisy, rheumatism, lumbago, pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frosted feet, colds of the chest (it often prevents pneumonia).

BLISH MILLING CO.

INSTITUTES SUIT

(Continued from first page)

in duplicate and returned to the county assessor of said county of Jackson, wherein its office and principal place of business was situated, a sworn statement of its capital stock, the value of its tangible property and all other matters required by the provisions of section 107 of the tax act of 1919; that in said statement it fixed the value of its capital stock as equal to and the same as that of its taxable tangible property; that on the first day of March, 1919, plaintiff owned no property of any kind, except said tax exempt United States Government Bonds, that it did not list and cause to be returned for taxation as aforesaid; that the county board of review * * * fixed the value of its taxable property in the city of Seymour at the sum of \$200,000 and afterwards defendant as such auditor appealed therefrom to the state board of tax commissioners of the state of Indiana; and that said state board of tax commissioners upon a hearing of said matter found and determined the total value of all of plaintiff's said taxable tangible property to be \$344,000 of which amount \$257,300 was situated and taxable in the city of Seymour and the residue, to wit, \$86,700, was situated and taxable elsewhere, which amount represented and were the full, fair cash value of all taxable property owned by plaintiff on March 1, 1919; and that said state board of tax commissioners thereupon took plaintiff's net earnings for the preceding year and capitalized the same at twelve and one-half per cent. and by that arbitrary process obtained a sum and added \$76,000 to the value of plaintiff's capital stock, making the amount taxable in city of Seymour \$333,400 instead of \$257,300 and the total sum taxable \$420,000 instead of \$344,000, as it should have been, and plaintiff avers that the action of said tax commissioners in adding said sum of \$76,000 to the value of plaintiff's said capital stock and taxable property was and is illegal and void for each of the following reasons:

"First—Said sum of \$76,000 in substance and effect, an income of profits tax, and not a property tax, and only property taxes are authorized in the state of Indiana.

"Second—That all of the plaintiff's capital stock was on said date invested in tangible property listed and returned for taxation, and the law provides that where the capital stock of a domestic corporation or any part thereof is invested in tangible property, returned for taxation, such capital stock shall not be assessed to the extent that it is so invested.

"Third—The law requires that the property of a corporation be assessed to it the same as to a natural person and the constitution requires that all taxation shall be uniform and equal both in rate and assessment, and said assessment of said board to the extent of \$76,000 is unequal, unjust and discriminatory, and to that extent in excess of like property assessed to a natural person."

The plaintiff asked the court to enjoin the county auditor from computing the alleged excessive taxes on the amount of \$76,000 heretofore set out and that its taxable property in the city of Seymour be fixed at \$257,300.

The question which is raised by the local corporation which has filed this suit, has been before corporations throughout the state, but so far as known this is the first time that the matter has reached the point of litigation.

"KILL-JOYS"

Constipation, Headache,
Colds, Biliousness ended
with "Cascarets"

Nothing takes the joy out of life quicker than a disordered liver or waste-clogged bowels. Don't stay sick, bilious, headachy, constipated. Remove the liver and bowel poison which is keeping your head dizzy, your tongue coated, your breath bad and stomach sour. Why not spend a few cents for a box of Cascarets and enjoy the nicest, gentlest laxative-cathartic you ever experienced? Cascarets never gripe, sicken or inconvenience one like Salts, Oil, Calomel or harsh pills. They work while you sleep.

Industrial Husbandry

THE solution of our present-day problems lies in increased production. To this end the whole-hearted efforts of the 22,000 employees of the Standard Oil Company [Indiana] are directed.

The service rendered by the Standard Oil Company [Indiana] to industry generally, amounts to keeping the wheels of production at top speed.

Pause for a moment: try and think of a single unit of production which is not dependent upon one of the products of petroleum. Even the machine which turns out the humble laces on your shoes must have lubricating oil.

The Standard Oil Company [Indiana] in its capacity as a public servant, serves scores of industries and thousands of institutions with lubricants to minimize friction, thus increasing production.

Let the Company relax its vigilance and allow the quality of its products to deteriorate, the number of revolutions per minute on your machines will decrease, and under-production will follow.

If the Company is able to produce an oil which will permit greater speed, without undue friction, the number of revolutions per minute will increase, and production will increase in the same ratio.

Thus is illustrated the scope of responsibility of the Standard Oil Company [Indiana] as a public servant, which obligation it is striving hard to discharge in a satisfactory manner.

Standard Oil Company

(Indiana)

ACTION RESISTS

CITY TAX BOOST

(Continued from first page)

commissioners of the state of Indiana unlawfully and without any notice to plaintiff personally or to the said city of Seymour or to the townships of said county or to any town therein as separate municipalities, and without a hearing or an opportunity to be heard on the part of any of the said municipalities arbitrarily made and entered upon its records an order" which directed the auditor of this county to add to the tax duplicates an increase of ten per cent. on all lands and lots and ten per cent. on improvements in all townships; an increase of thirty per cent. on all lots and improvements in Seymour, Brownstown and Crothersville; an increase of thirty per cent. on all personal property in Grassv Fork township and forty per cent. on all personal property in all other townships, towns and cities not included; and an increase of fifty per cent. on all personal property in all towns and cities, except such property as was assessed by the state board and property of domestic corporations and personal property "listed on page one and in item one on the second page of the personal property schedule."

The complaint further sets out that the defendant as auditor intends to obey said order and in obedience thereto intends to and will "if not restrained and enjoined by this court, charge plaintiff's real estate to him upon said tax duplicates at a value of \$4,410 and charge his personal property at the value of \$12,120, and compute and extend taxes upon said added and excessive valuations, and said defendant intends to and in the discharge of his duties will turn over and deliver to the treasurer of said county for collection of taxes, said duplicates with said illegal and excessive taxes so made up and charged against plaintiff."

The complaint states that the plaintiff brings this suit for himself and on behalf of all other owners of real and personal property in the city or Seymour and says that said act and order of the state board insofar as it affects plaintiff's said property and that of all others residing in the city of Seymour on March 1, 1919, is illegal and void for each of the following reasons to wit: First—That the state board has no authority or jurisdiction to make a horizontal increase of the valuation of either real estate or personal property in Seymour except by an order affecting equally and in like manner all taxable property in the county.

First—That the state board had no authority or jurisdiction to make a horizontal increase of the valuation of either real estate or personal property in Seymour except by an order affecting equally and in like manner all taxable property in the county.

Second—No notice was given to plaintiff, the citizens, to the city itself or to the taxpayers of any other town or township in the county that the board proposed to change the relative values of property in the several towns, cities and townships of the county.

Third—That the state board of tax commissioners was not in session when the order was made.

Fourth—That the order discriminates against and in favor of certain classes of property, and property taxable in some towns, cities and townships, in violation with the constitutional provision that all taxes shall be equal.

Fifth—The attempted equalization of the state tax board resulted in the valuation of property in excess of its true cash value and constitutes an

INSURANCE MAN

STATES FACTS

Willing to Recommend Meritone Publicly After What It Did For Him.

"I have already recommended Meritone to several of my friends and am willing to recommend it publicly, for I feel sure that Meritone will help anybody who feels like I did," said J. T. Wilkerson, Superintendent of the Chattanooga district of the Southern Life Insurance Co., and one of Chattanooga's prominent residents.

"I was nervous and ran down and couldn't sleep at night, and as a result I felt bad the next day and didn't have any ambition.

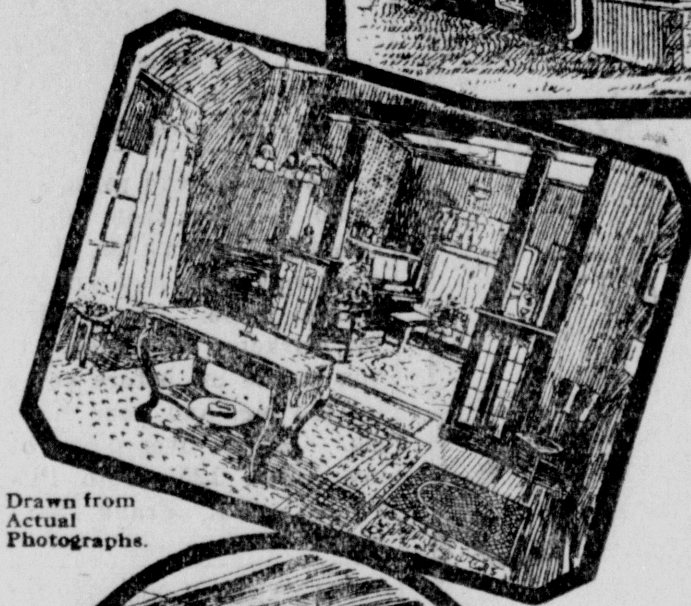

"I did not have much appetite and my stomach was out of order and I was bothered with indigestion. "Meritone has improved me right along and my stomach is in such good condition that I can eat anything I want, and I have a wonderful appetite.

"The nervous condition has left me and I sleep fine at night and seem full of energy during the day."

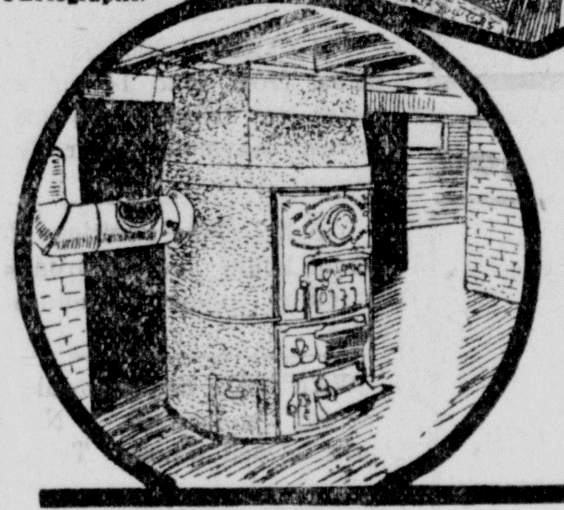

Meritone is sold exclusively in Seymour by Maxon's Pharmacy. Advertisement.

THREE KNOWN DEAD IN
FLOODS IN THE SOUTH

Train Service Badly Crippled in Three States—Rivers and Streams Swollen.

By United Press
Atlanta, Ga., December 10—Three known dead, hundreds homeless and property damage running into thousands of damage was the toll today from floods in Georgia, Alabama and Mississippi. Train service was badly crippled. Rivers and smaller streams swollen by rains since Saturday were overflowing their banks into the low lands. Train service in the Meridian, Miss., was reported almost at a standstill while the Southern Railroad between Atlanta and Macon, was annulling trains as a result of several washouts.

Mr. and Mrs. L. H. Frische of Tucson, Ariz., who have been the guests of Mrs. J. F. Frische at Courtland, and relatives in this city, left this morning for Phoenix, Ariz.

NEWSY PARAGRAPHS

A daughter, Velma Ruth, was born to Mr. and Mrs. Arthur Wariner, South Broadway street, this morning.

Rev. L. H. Ackerman of Santa Claus will arrive here tonight and be the guests of his parents, Mr. and Mrs. Joseph Ackerman. Tomorrow morning he will leave for Cincinnati to attend the Central Conference which is in session.

Mrs. J. O. Bundy of Noblesville, came Tuesday to visit her father, George Poland, who is ill at the home of his daughter, Mrs. James Kiste, east of the city. Mr. Poland came about three weeks ago to visit his daughter and was taken sick shortly after arriving here.

The official temperatures have not been reported during the last few days as the thermometers at Woodstock Gardens were smashed when they were blow down by a hard wind recently. The weather bureau sent two other thermometers, but one of these failed to record properly. The temperatures are taken by two thermometers, one which registers the minimum temperature and the other to record the maximum temperature

BAD BREATH

Dr. Edwards' Olive Tablets Get
at the Cause and Remove It

Dr. Edwards' Olive Tablets, the substitute for calomel, act gently on the bowels and positively do the work.

People afflicted with bad breath find quick relief through Dr. Edwards' Olive Tablets. The pleasant, sugar-coated tablets are taken for bad breath by all who know them.

Dr. Edwards' Olive Tablets act gently but firmly on the bowels and liver, stimulating them to natural action, clearing the blood and gently purifying the entire system. They do that which dangerous calomel does without any of the bad after effects.

All the benefits of nasty, sickening, gripping cathartics are derived from Dr. Edwards' Olive Tablets without gripping, pain or any disagreeable effects.

Dr. F. M. Edwards discovered the formula after seventeen years of practice among patients afflicted with bowel and liver complaint, with the attendant bad breath.

Olive Tablets are purely a vegetable compound mixed with olive oil; you will know them by their olive color. Take one or two every night for a week and note the effect. 10c and 25c.
